Please explain experience and/or interest in aging

My own parents are elderly (98 and 92) living out of state. I visit regularly and manage their care at a distance. Have lived in Florida for 20+ years and have been employed and involved with geriatric health care and services since 1996. Have a continuous passion for contributing. Feel that this is an opportunity to make a difference.

Are you a participant or a caregiver of a participant of any social services, nutrition service or senior center?
