

2020-2022 Area Plan
“Goals and Objectives”
Summary of Changes

Goal 1, Objective 1.1

Added:

Individuals with the greatest need may not be aware of community resources. To address this need, the AAAPP Director of Outreach and other staff will take steps to increase the amount of outreach to targeted populations and to adults with disabilities utilizing our “Outreach Plan” coinciding with the most current DOEA Elder Index data sets.

Falling under the Dementia Care and Cure Initiative (DCCI), the AAAPP, the local Morton Plant Memory Disorder Clinic and a multitude of partners will shed information on Alzheimer’s Disease and related Dementia Disorders (ADRD) resources throughout Pasco and Pinellas Counties.

Goal 1, Objective 1.6

Added:

Utilizing the recently completed “Community Assessment Survey of Older Adults” (CASOA), the AAAPP will use zip code data to strengthen targeted outreach for areas expressing unmet needs exist.

Goal 2, Objective 2.1

Added:

Continue facilitation, in partnership with Pinellas County, of the Older Americans Food Insecurity Work Group to collaborate and explore new ways of addressing senior hunger.

Expand Senior Community Health program to increase partnerships between AAAPP and medical providers, to positively impact the physical health of older adults at risk of nursing home placement through complex care social service coordination.

Utilizing the recently completed “Community Assessment Survey of Older Adults” (CASOA), the AAAPP will use zip code data to strengthen targeted outreach for areas expressing unmet needs exist.

Deleted:

Continue participation on the AARP sponsored Caregiver Coalition

Goal 2, Objective 2.2

Added:

Utilizing the recently completed “Community Assessment Survey of Older Adults” (CASOA), the AAAPP will use zip code data to strengthen targeted outreach for areas expressing unmet needs exist.

Goal 2, Objective 2.4

Added:

Falling under the Dementia Care and Cure Initiative (DCCI), the AAAPP, the local Morton Plant Memory Disorder Clinic and a multitude of partners will shed information on Alzheimer’s Disease and related Dementia Disorders (ADRD) resources throughout Pasco and Pinellas Counties.

Goal 2, Objective 2.5

Added:

The AAAPP will provide previously-filmed caregiver education sessions to audiences for free via the agency website and social media pages. These sessions address common issues Caregivers face, including but not limited to strategies for caring for individuals with ADRD.

The AAAPP will continue to explore the viability of offering the “Savvy Caregiver” Evidenced-Based program to communities in Pasco and Pinellas counties.

Goal 3, Objective 3.1

Added:

The AAAPP will continue to explore the viability of offering the “Savvy Caregiver” Evidenced-Based program to communities in Pasco and Pinellas counties.

The AAAPP will continue to monitor and promote increased completion rates for all Evidenced Based services administered by the sub-contracted OAA IIID Provider

Goal 3, Objective 3.4

Added:

The AAAPP will continue to explore “Telehealth” as a modality to provide needed Mental Health and Behavioral Health Services

Goal 6, Objective 6.1

Added:

The AAAPP holds regular “Leadership Meetings” on a monthly basis to discuss important topics affecting the agency, provider network or communities within PSA5

The AAAPP holds “All Staff Meetings” when appropriate to discuss agency operations

Goal 6, Objective 6.4

Added:

The AAAPP will use CIRTSS to enhance disaster recovery initiatives such as being able to contact clients and caregivers in the event CIRTSS is unavailable. CIRTSS users will be trained to enter addresses for active clients in the most effective format and to make corrections if a client location cannot be identified to ensure that individuals’ home addresses have the highest likelihood of being properly located and mapped by the Department to identify their assigned evacuation zone.

Intake runs CIRTSS reports each month to identify clients who are APCL for case managed programs who are due for re-screening. The report is reviewed and re-screening is done according to DOEA requirements.

Intake encourages clients/caregivers to call anytime their situation changes to request an updated 701S so that they are waiting with the most accurate score possible.

NEW FOR 2020 – 2022 AREA PLAN GOALS & OBJECTIVES

Goal 5: Participate in community efforts to ensure your PSA is addressing the state’s mission to create livable communities by promoting this work through the eight domains of livability framework. Support the work DOEA is doing in collaboration with AARP and the World Health Organization’s (WHO) Age-Friendly Cities and Communities Program.

Objectives 5.1, 5.2, 5.3, 5.4, 5.5, 5.6, 5.7, 5.8,

Goal 7: Co-Establish and participate in at least one Dementia Care and Cure Initiative (DCCI) Task Force in your Planning and Service Area (PSA)

Objectives 7.1, 7.2, 7.3, 7.4
